CELEBRATING INDIAN CHEMICALS & PETROCHEMICALS INDUSTRIES REMARKABLE JOURNEY

INTRODUCTION

Jointly organised by the Department of Chemicals & Petrochemicals, Ministry of Chemicals and Fertilizers, Government of India and Federation of Indian Chamber of Commerce and Industry (FICCI), 2nd edition of the Summit on “Global Chemicals & Petrochemicals Manufacturing Hubs in India” 2021 aims to celebrate the remarkable journey of Indian Chemical & Petrochemical Industry and highlight its true potential to the world.

A consistent value creator, the chemical and petrochemical industry remains an attractive hub of opportunities. The Department of Chemicals and Petrochemicals (DCPC), Government of India has taken various initiatives by formulating policy and programmes and fostering the spirit of public - private partnership for the growth and development of the chemical and petrochemical sectors in the country. Capturing emerging opportunities in the near term could make a positive difference to India’s chemical companies and to the industry overall. PCPIRs (Petroleum, Chemicals and Petrochemicals Investment Regions) plays a significant role in transforming India into a global manufacturing hub for chemicals and petrochemicals. The PCPIRs are conceptualized in a cluster approach to promote Petroleum, Chemical and Petrochemical sectors in an integrated and environment friendly manner on a large scale. The Summit will showcase the government’s policy for sustainable growth in the sector and will provide a platform for investors, and other stakeholders to interact, highlight and promote the segment wise investment opportunities in respective investment regions.

Shri Mansukh Mandaviya
Hon’ble Minister of Chemicals & Fertilizers
Government of India

The Summit on ‘Global Chemicals & Petrochemicals Manufacturing Hubs in India’ is a worthwhile initiative to acknowledge the impressive growth of Indian Chemical & Petrochemical Industry. It is a platform for the global industry leaders, governments stakeholders and policymakers to come together, discuss pertinent issues and chart a roadmap for the Indian Investment Regions to emerge as vibrant global hubs.

Shri Bhagwanth Khuba
Hon’ble Minister of State for
Chemicals and Fertilizers
Government of India

The Summit on "Global Chemicals & Petrochemicals Manufacturing Hubs in India 2021", assumes immense significance in highlighting the potential of Indian chemicals & petrochemicals industry to be recognized as a global player. It puts forward an opportunity to the leaders of chemicals and petrochemicals across the globe to deliberate pertinent issues related to the industry, creating network windows, exchanging knowledge and to address current challenges and providing impetus to the Governments vision of "Make in India".

Chemicals & Petrochemicals industry has been an integral part of the global economic landscape for many centuries and **is one of the driving engines of the manufacturing sector**. In this globalized world, Chemicals & Petrochemicals industry plays a prominent role in the economic growth and covers almost every sphere of life. It occupies a vital position in meeting our basic needs and improving the quality of our daily lives and thus, plays an important role in facilitating the growth of other related industries and services.

The maiden edition of the summit i.e., “Global Chemicals & Petrochemicals Manufacturing Hubs in India” (GCPMH) held on 11th – 12th November 2019 witnessed an overwhelming participation from 18 leading countries with over 700 national and international delegates in respective forums.

In line with the previous edition, **Department of Chemicals & Petrochemicals, Ministry of Chemicals & Fertilizers, Government of India jointly with the Federation of Indian Chambers of Commerce and Industry (FICCI) is organizing the second edition of the Summit on “Global Chemicals & Petrochemicals Manufacturing Hubs in India” 2021, (GCPMH 2021) from 25th November to 26th November 2021 at Hotel Le Meridien, New Delhi in the Phygital format (Physical and Digital).**
