SEMICON India 2026

TRANSFORM TOMORROW

Connecting a Global Ecosystem Today to Transform Growth and Innovation Tomorrow

The global semiconductor industry stands at an unprecedented moment of opportunity, and SEMICON is where the ecosystem makes actionable plans and partnerships for what's next. The intensely complex and interconnected value chain comes together at SEMICON to connect key hubs and collaborate on adapting to a rapidly changing world. Together we can act intentionally, and with purpose. Together, we can Transform Tomorrow.

Transform Tomorrow- Silicon to Systems: Building Global Supply Chains reflects a defining moment for India's semiconductor journey—an inflection point where strong policy momentum, industry execution, and global demand for trusted, resilient supply chains are converging to position India as a full value-chain player. The theme captures the opportunity to transform through execution at scale, ecosystem integration, and innovation-led growth, while strengthening India's role as a trusted global semiconductor partner. It is also a call to collaborate, invest, and co-create to shape India's leadership in the global semiconductor ecosystem. The expected outcomes are significant: stronger technology sovereignty, accelerated IP and product creation, enhanced global competitiveness and participation to **Collaborate. Execute. Lead.**

HIGHLIGHTS

- Over 500+ exhibitors, across Hall 1 and Hall 2
- Showcase of cutting-edge technologies across the semiconductor and Electronics value chain
- Foster policy discourse and enable cross-border investments
- Strengthen talent pipelines and inspire future-ready workforces
- Deepen international collaboration to position India as a trusted global semiconductor hub

Salient Features:

500+ Exhibitors, 200K sqft

Value Chain Approach to Exhibition

- Start Up Pavilion- 40 Startup Showcase
- Workforce Development Pavilion- 30,000 sqft
- 7 Country Pavilions
- 10 State Pavilions
- Hackathon

Conference

150+ speakers

Country Roundtables

State Govt Roundtables

Training Sessions

Separate Track on Electronics and components
and Display

Supporting Associations

Past Edition: Snapshot Report

The **2025 edition of SEMICON India** made a significant impact, laying the foundation for long-term transformation:

- Inaugurated by **Hon'ble Prime Minister Shri Narendra Modi**, underscoring the event's national strategic importance
- **350+** participating companies from **18** countries
- **21,000+** visitors from **5000+** Organizations & **48** countries
- **150+** Speakers from India and international
- Engagement from **11** progressive state governments

Exhibitors

350+ Companies
from **18** Countries

Net Exhibiting Space

675 Booths
(6,075 sqm)

Visitors

21000+ from
48 Countries

Speakers

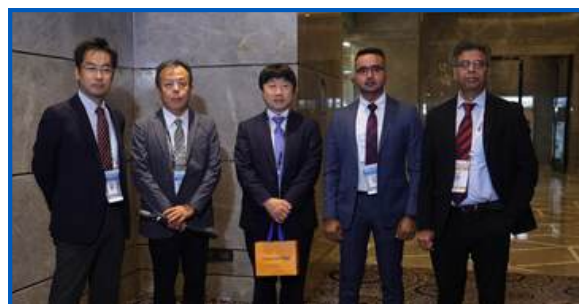

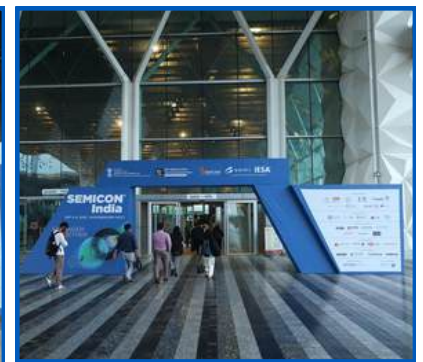

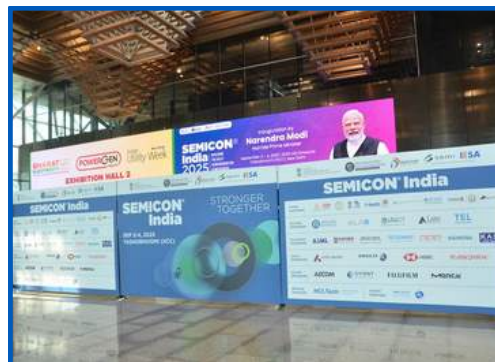

150+ including
120 global leaders

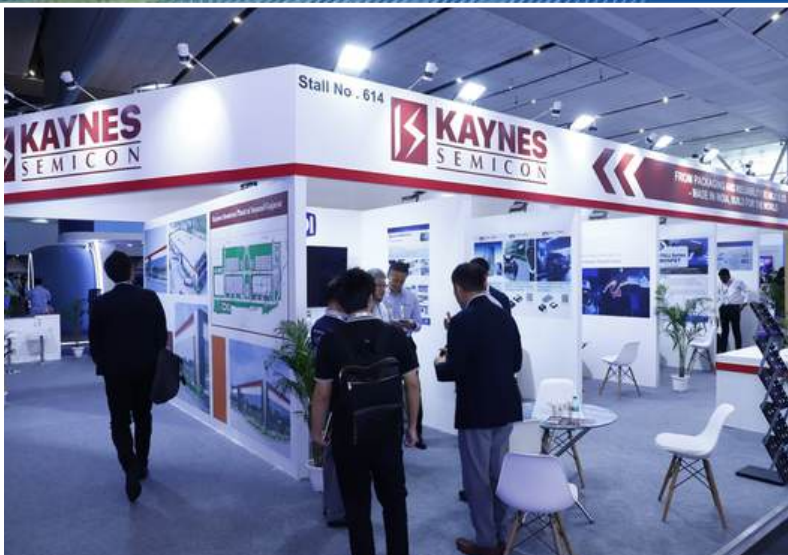

Sessions

106 at the
Workforce
development pavilion
