Department of Space)

Confederation of Indian Industry

5 January 2026

**9<sup>th</sup> edition of BSX 2026  
International Conference and Exhibition  
7- 9 September 2026; Bengaluru**

In 2020, the Hon'ble Prime Minister set transformative vision for advancing India's space sector. The nation has since achieved remarkable progress, marked by the emergence of over 300 space-tech startups, introduction of progressive policy reforms, and the successful launch of landmark missions such as Chandrayaan-3, Aditya-L1, SpaDeX, NISAR, and LVM3-M5.

Today, India's space sector is valued at USD 8.4 billion, contributing nearly 2% to the global space economy and is projected to reach USD 44 billion by 2033. With expanding capabilities, growing ecosystem, and progressive policy reforms, India's space sector holds immense potential for advancing space commerce and unlocking new business opportunities, positioning India as an increasingly significant player in the global space landscape.

In alignment with the nation's long-term vision for the sector, the Confederation of Indian Industry (CII), in partnership with the **Indian Space Research Organisation (ISRO)**, the **Indian National Space Promotion and Authorisation Centre (IN-SPACE)**, and **NewSpace India Limited (NSIL)**, is organising the **9<sup>th</sup> edition of the Bengaluru Space Expo (BSX) 2026 - an international conference and exhibition** from **7<sup>th</sup> to 9<sup>th</sup> September 2026** at BIEC, Bengaluru.

The three-day event will feature an International Conference and Exhibition themed *'Harnessing Space for Global Progress: Innovation, Policy, and Growth'*. The exhibition will provide an opportunity to Indian and international space agencies to showcase their capabilities, while the conference will highlight key initiatives by the Government of India, ISRO, IN-SPACE, and NSIL to empower start-ups, academia, and industry in advancing the space sector. Deliberations at event will focus on strengthening value chain, fostering innovation, enhancing industry- academia collaboration, expanding demand for space applications, enhancing human space flight and exploring opportunities for international cooperation.

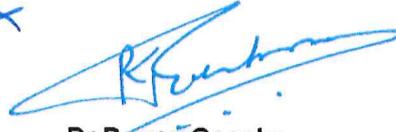

The event will serve as a pivotal platform to forge and strengthen joint ventures and partnership opportunities between India space companies and participating countries in the space and related sectors.

**We, hereby, invite your participation and presence in 9<sup>th</sup> edition of its Bengaluru Space Expo 2026- an International Conference and Exhibition.**

We look forward to your esteemed participation in the event.

With best regards,

  
**Dr V Narayanan**  
Secretary, DoS  
Chairman, ISRO

  
**Dr Pawan Goenka**  
Chairman  
IN-SPACE

  
**M Mohan**  
CMD  
NewSpace India Limited

  
**Chandrajit Barerjee**  
Director General  
CII
